

DESIGNS - PATENTS

PAOLO LOVINO

lovino@studiotorta.it

 Turin

He joined the firm in 1998, after acquiring experience in the field of bench testing and vehicle testing, and became a partner in 2005.

He graduated in Mechanical Engineering and specialises in transport systems and components for motor vehicles, in turbine engines, in the energy sector and in industrial automation and robotics, in particular, for automatic warehouses and packaging.

He has considerable experience in patent searches and patent opinion including freedom to operate.
