CONSOLATA GAI

gai@studiotorta.it

 Turin

She joined the firm in 2024. She completed a master's thesis in international law titled "Intellectual Property and International Law: Institutions and Contemporary Challenges", focusing on the impacts of artificial intelligence on intellectual and industrial law.

As part of her thesis project, she took a course on artificial intelligence at the London School of Economics in 2023 and obtained a Diploma in Law and Technology at the Università di Torino.

She has been registered as a trainee in the Register of Industrial Property Consultants since November 2023.
